# **Student Acceptable Use Agreement**

**Date of Issue: November 2012**

## Overview

MacKillop College recognises the need for students to be safe and responsible users of digital technologies. We believe that explicitly teaching students about safe and responsible online behaviours is essential and is best taught in partnership with parents/guardians. We request that parents/guardians work with us and encourage this behaviour at home.

The overall goal of the School in this matter is to create and maintain an acceptable digital culture which is in keeping the gospel values of the School as well as legal and professional obligations.

At MacKillop College we:

- Educate our students to be safe and responsible users of digital technologies.
- Raise our students' awareness of issues such as online privacy, intellectual property and copyright.
- Supervise students when using digital technologies for educational purposes.

- Respond to issues or incidents that have the potential to impact on the wellbeing of our students.
- Know that some online activities are illegal and as such we are required to report this to the police.
- Provide parents/guardians with a copy of this agreement.

- Monitor student use of ICT and Internet and network services.

## **Section C: Consequences for Breaching the Student Acceptable Use Agreement**

**1<sup>st</sup> Offence:** Access will be denied to Internet and/or Network services until the student completes an "Application for Reinstatement" form.

**2<sup>nd</sup> Offence:** Access will be denied to Internet and/or Network services until the student completes an "Application for Reinstatement" form. An after-school detention will be given.

**3<sup>rd</sup> Offence:** Reinstatement will be negotiated only at the conclusion of an interview between the Year Level Leader or Director of Wellbeing at the year level, the student and student's Parent/Guardian.

\*\*\* Please note that these consequences may affect the student's educational outcomes of the MacKillop College curriculum. The level of the offence may be deemed to be outside or not part of the sequencing of these consequences given the severity and impact of the student's action. (e.g. deliberate destruction of school equipment may incur a payment for repair as well as any of the above)

## **Section D: Monitoring**

I understand the College reserves the right to monitor and log the use of its digital facilities and to take appropriate action where use is a breach of College policies, poses a threat to security, and/or damages the College's reputation. Student use of College digital facilities must be related to school work. Access to and time spent using many of these facilities is automatically logged.

**\*\* Please keep this agreement and use it to refer to in case any matters arising from your child's use of the College digital equipment.**
